DESIGNED TO BELONG.

A premium home lift is more than transport. GE 360 brings light, visibility and a refined architectural presence to everyday movement.

01

GLASS-LED DESIGN

Open sightlines and a striking contemporary silhouette.

02

SPACE-CONSCIOUS

A compact approach for suitable homes and duplexes.

03

TAILORED FINISHES

Frame, glazing and cabin details selected for your space.

04

SAFETY IN FOCUS

Discuss door, interlock and emergency travel options.

THE PANORAMIC ENCLOSURE

Light. Openness. Presence.

360°	LOW	BESPOKE
PANORAMIC LOOK	CIVIL IMPACT*	FINISH CHOICES

*Site and model suitability, pit/headroom and backup options to be confirmed in quotation.

GLOBUS ELEVATORS

REAL SPACES. REAL POSSIBILITIES.

Beautiful mobility begins with an understanding of the architecture around it.

THE SITE COMES FIRST.

Every space has its own constraints. A site visit helps define placement, access, structure and a lift configuration that feels intentional.

Photos shown as illustrative installation references.
